Subject: Ayrshire Joint Structure Plan 2025 (Your ref 2/2/IJ/EN)

Dear Ian

Thanks for including us in your November information letter, and sorry not to have responded earlier. The only point that I would like to make is that we ensure that all the good work recently undertaken in the Ayrshire Woodland Strategy is not lost through some technicality. I refer to the fact that as I understand it, the AWS is technically an Indicative Forest Strategy and as such is formally part of the Structure Plan process. If legislation is going to change and Structure Plans replaced with something different, then presumably the AWS will have to be "stuck on" to something else.

Yours, Jamie
