Subject: Replacement Ayrshire Joint Structure Plan

Dear Sir,

Thankyou for your recent formal notice to indicate the start of the replacement Joint Structure Plan proceedings. We have no comments to make at this early stage, although we would be interested in working with you in order to develop those policies relating to a 'A Green Energy Future' . The Scottish Renewables Forum may be an organisation you may wish to contact for general information on this topic, if you have not already done so. This body represents the views of the renewable industry and would be extremely beneficial in providing relevant information with which to inform policies. A contact within the organistion is a Maf Smith who can be emailed at maf@scottishrenewables.com or contacted on 0141 249 6705. I hope this helps. I would also appreciate any consultation be sent to myself at:
